The Foshick bill for the suppression of the bad hat passed the Senate and is now a law. It makes the manager of a theatre who permits a hat to be worn obstructing the view of any person liable to prosecution for a misdemeanor.

A STARTLING statement made in the fight against the obnoxious Morgenthau inquisitorial system is that in 1895 the fees of inquisitors in 48 counties of Ohio amounted to \$123,244, the amount the State received from the system the same year being but \$28,000.

### Be Careful How You Vote.

The above cannot be emphasized too much or repeated too often to voters. One would think that the voters would understand the new ballot law well enough by this time to know how to vote it right, and I suppose most people think they do, but let me give some examples of mistakes made at the last municipal election for electric light and street paving bonds in the Third ward. One voter, I suppose a heavy taxpayer, thinking to come down heavy against both propositions, wrote the word "no" opposite both propositions both for and against them. Of course, as far as his vote was concerned, he might just as well have staid away from the polls. Another, thinking to come down heavy in favor of both propositions, wrote the word "yes" in every space. Of course he lost his vote. Some erased the propositions they didn't want to vote for. One put the cross mark on the right side of the ticket. I suppose if the space to put his vote had been there he would have put it some where else. Some instead of simply making a cross mark as the law directs, would write the word "yes." Thus, in one way and another, quite a number of votes were lost, and this in the Third ward, noted for intelligence.

It is not to be supposed that these men went to the polls to throw their votes away or trifle with this privilege, but simply because they do not give proper heed to the instructions given them. "Be sure you are right and then go ahead." M. H. H.

### IN THE OIL FIELD.

Woodsfield, April 3d.—Since the arrival of the big West Virginia wells on Indian Creek, the talent have been expecting a drop. The said drop is now on hand and the end is not yet. However that the Indian Creek pool is not as large as the Atlantic is shown by the fact that the Stoneking well drilled by the Carter Oil Co. is in and a big grasser and seemingly no hope of a producer. This is some little distance in advance and where a good well was, seemingly, likely to result.

Below the old Dye Brooks pool in Tyler county, J. T. Jones has a dry hole on the Hisson, though a small grasser.

There are several other wells due in the Tyler county region, but none of them in gusher territory. In Ohio, Huggins & Brown have sold their Holden leases and well, across from Raven Rock, to Metzger & Co., who have cleaned and shot the old Holden well. Its production has been increased to 35 barrels per diem.

The Hannan Bros. well on the Hannan farm above New Matamoras is in and seemingly will make a small well.

The Florence Oil Co. on the Smith farm not far distant is the proud possessor of a dry hole.

The Henry Oil Co. are reported as having sold their Benwood leases to the Kanawha Oil Co., who will develop them as soon as machinery can be placed on the ground.

The Jacobsburg well has not yet reached the Berea Grit. They are still drilling.

Work on No. 2 Delaplain northeast of Graysville has not yet been commenced, nor has drilling been commenced on the Jerles well. The only well now drilling in the Deist-Calebaugh section is Hensel No. 6. Gale Bros. & Sparks sent down the engine for No. 4 Calebaugh yesterday—a rather expensive job the way the roads are.

The Carr well on Long Run, Wetzel county, W. Va., has been cleaned and is a small producer. This well was drilled a year ago and made quite an excitement when struck.

Sistersville, W. Va., April 2.—There has been little, if any, change in the situation in the Indian Creek district since yesterday. Some of the wells are drilling where the oil pay has been supposed to be located and others which have been compelled to shut down on account of the heavy gas pressure and still shut down awaiting the exhaustion of the gas. According to the latest advice from the Devonian Oil Company's well on the Joseph Spencer farm, its production has not been materially increased, nor has there been any change of note in the developments at the Ash, Craig or Seckman wells.

A number of gentlemen from Butler county, Pa., are erecting a derrick on the W. P. Hays farm north of Friendly, and will probably be ready to commence spudding Saturday.

Flannigan & Co. put the 6 1/4 casing in their No. 6, located on the Hensel farm, to the northeast of the Diest pool, yesterday.

Parkersburg, W. Va., April 2.—The Lubbeck Oil Company are again drilling on their well near here, having recovered their lost tools yesterday. Experienced oil men declare that the drillers have not yet reached the Gordon sand, which is being drilled for, but others are of the opinion that it has been drilled through.

It is reported here to-day that the Davidson Oil Company will drill their well which was abandoned on the Henry farm, near Valley Mills, to the Berea sand. The company are holding a meeting at Marietta today and expect to drill several wells near the Benson Athey farm, on their territory, which is thought to be good. The Dyke well, which has been drilling at Waverly for several months and which is being put to the deep sands, will likely be drilled in Saturday. If the well has a showing it will open up new territory.

### Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottles Free at W. H. Styer's Drug Store.

### Fears for Cecil Rhodes' Safety.

LONDON, April 1.—The Daily News says that anxiety is felt by the friends of Mr. Cecil Rhodes, who is now on his way from Beira to Bulawayo. It is feared that the Matabeles may waylay him.

### King Melika Retreats.

ROME, April 1.—It is learned from several sources that King Melika and his chiefs except the Ras of Tigre have retreated, their provisions having given out.

### The Allas Again Won.

NICE, April 1.—The yacht race for the Prix de Monte Carlo for large raters was sailed Wednesday and won easily by Allas, Britannia second and Satinista third.

### LITTLE FALLS, MINN., April 1.—

The worst blizzard in years is prevailing here. All trains are delayed. Two feet of snow has fallen.

### The U. S. Gov't Reports

show Royal Baking Powder superior to all others.

### Beverly Exchanges.

Advance. A petition has been circulated in Marietta, Adams, Watertown and Waterford townships, and numerous signed, asking Judge Sibley to suspend the jail sentence of the three Schwendermans and John Kerns, all of whom pleaded guilty to housebreaking in the matter of the Jacob Schaad case. Several people of Beverly signed the petition.

Two gentlemen were here from Marietta last Friday conferring with some of our people regarding incandescent electric lights. They say that a plant sufficient to light Beverly can be put in for \$1,900. No action will be taken until the matter is thoroughly investigated.

An enthusiastic business meeting of a large number of citizens was held at the Mayor's office last Friday night for the purpose of organizing a Board of Improvement. Chas. Langeberg was elected temporary chairman and J. O. Cullen, secretary. After a free discussion of the mode of procedure, all persons present authorized the secretary to put down their names signifying their desire to become members of the Board.

Dispatch. The community has been exercised a good deal the past week by the report that Osmar Lochray, a deck hand on the steamer Lorena, was afflicted with smallpox. Lochray's home is at Roxbury, a small place about 3 miles this side of Stockport. When the Lorena passed that place Sunday evening on her return trip, Mr. Lochray was quite sick and was compelled to lay off. A physician was summoned, who said the case had strong symptoms of smallpox, but latter development has proven that the supposed case of smallpox is nothing more or less than measles.

Mr. and Mrs. W. M. Dearth, of Marietta, came up Friday evening and remained until Saturday evening with Mrs. Dearth's mother, Mrs. Mary Parker.

Prof. M. R. Andrews, of Marietta, came up on the steamer Sonoma Wednesday evening and remained until Thursday morning attending to some business and visiting his old friend and comrade Capt. J. B. Shoop. He went on to McConnellsville Thursday.

### Gold, Silver and Output.

WASHINGTON, April 1.—The superintendent of the mint at Carson, Nev., reports Nevada's gold output for 1895 as \$1,780,900, an increase over 1894 of \$559,500. The coinage value of the silver product is given as \$1,052,000, an increase over 1894 of \$54,500.

### Manitoba Remedial Bill.

OTTAWA, Ont., April 1.—The Manitoba remedial bill was again taken up in the house of commons Tuesday, and Sir Chas. Tupper announced that the government intended to push the bill forward to a third reading.

### Knocked Out in the Second Round.

BOSTON, April 1.—Billy Vernon, the Haverstraw, N. Y., brickmaker, was knocked out in the second round Tuesday night at Music hall, by Jimmy Handler, Bob Fitzsimmons' protegee.
